EXPERIENCE

Dr Addy has worked as an expert witness since 2006 for matters involving civil courts, criminal courts and the court of protection. She has undertaken expert witness training and is accredited with the Expert Witness Institute.

Dr Addy has over 20 years direct clinical experience of working with people with complex injuries and neurological disorders. Whilst completing her undergraduate degree she worked as a support worker in an inpatient Acquired brain injury service. Prior to training as a Clinical Psychologist she worked for two years as an Assistant psychologist in Neurology Services. Post qualification (2005 onwards) she worked in a dementia service and an acquired brain injury service in the NHS whilst completing the post qualification training in Neuropsychology (obtained in 2012). In independent practice Dr Addy has an active caseload of therapy clients all with adjustment difficulties following complex and serious injuries.

Dr Addy is upto date with relevant academic research in her field and holds a part time academic post as a Clinical Lecturer at the University of Bangor.
